

# Do Your Part... Join Now!

*Help the Unified, Oklahoma Chiropractic's only statewide representative governing body, continue to fight for all Chiropractors and their patients at the Capitol.*

**Step up** and be **counted**. Become a family member, of the **Unified Chiropractic Association**. Imagine what "your" tax deductible **\$100.00** for **membership dues**, combined with several hundred other DC's dues, could do for a **Chiropractic Public Relations Campaign**. We're all in this state and national challenge together. The Unified members and your fellow colleagues, would greatly appreciate your financial help, to see this public relations project through, with funds we lack from seminar dollars. The **Unified** needs your **help**, to carry out our goals, to better **serve you** and **your patients** here in **Oklahoma**. *Compared to \$600.00 dues (mandatory in some other states), the Unified's \$100.00 dues, are not only a write off, but also, an investment in your Chiropractic future. Do your part and **Join Now!***

2007 membership will get you a **"Free"**: (For limited time only)

**MGT AMER. Work Comp. Research Report** (88 pages compiled for UCA, paid by D.C.'s donations)  
**Oklahoma "Scope of Practice" Document** (320 pages of UCA attorney research & references)  
**Oklahoma 2006 Directory** (D.C.'s listed alphabetically & by city w/ address, phone/fax, email)

*Please send your much-appreciated check to:*

Unified Chiropractic Association of Oklahoma P. O. Box 701421      Tulsa, OK 74170
---

*Free membership for doctors showing proof of first year Oklahoma licensure*

## If You are Concerned About:

- ◆ An overall, expedient improvement for Oklahoma Chiropractic's future
- ◆ the multi-faceted solution to your financial security
- ◆ expanding public awareness about Chiropractic effectiveness through a Public Relations Program
- ◆ Being represented by a democratically derived "one majority voice" taken to the Capitol by Okla. Chiropractic's only lobbyist, Michelle Sutton, Esq.; *instead of several non-aligned groups of 5-100 members each, with different approaches to same or diametrically opposed agendas.*
- ◆ less than impressive "hit and miss" attempts at legislation as a result of low numbers, low dollars, and inconsistent legislative grass roots contacts/efforts. The Unified has implemented a system to help our lobbyists coordinate this.
- ◆ A few individuals confusing the legislators with their unilateral, unauthorized, misrepresented spin on Chiropractic issues.
- ◆ Unfair biased discrimination of the Worker's Compensation system against Chiropractic.
- ◆ Unjust taxation on durable goods and supplements. i.e. repeal of wrong intent in 2003 law.

**Then invest your seminar \$\$ with the Unified**
