Let your membership \$\$ support the P.R. Fund of the Unified, Oklahoma Chiropractic's only Association whose mission and purpose is to represent all D.C.'s at the Capitol, continue to promote and protect Chiropractic's interests and those of the patients we serve.

Step up and be counted. Become a family member of the **Unified Chiropractic Association of Oklahoma**. Imagine what "your" **tax deductible membership dues**, combined with those from several hundred other DC's, could do to promote **Chiropractic**. *We're all in this state and national challenge together.* Those who have already paid their Unified member dues would greatly appreciate you doing your part to help support this Public Relations Fund. It just takes enough dues. **(SEE ATTACHED)**

Unlike states with \$600.00 mandatory dues in addition to seminar tuitions, our revenue is limited as a result of a business, whose mission and purpose is to monopolize insurance contracts, holding C.E. seminars free of charge ("kickback") in order to divert usual UCA seminar attendees and their tuitions away from UCA coffers. Consequently, even though the UCA's meager revenues are spent frugally, it does not leave enough to pay much more than the Lobbyists' wages, legal fees, miscellaneous expenses and no more than 22 out of approx. 90 – 100 hours of secretarial and administrative labor per week. The **Unified wants to better serve you and your patients. Your dues are an investment in your Chiropractic future. Do your part. Join Now!** Please call regarding 50 % discount thru June 30th.

July 2011 thru June 2012 membership will get you (depending on level) **"Free"**: *(For first time members)*

ACCESS to the UCA "List Serve"; Website "members only" link; **Seminar discounts; Monthly News Flashes...**(includes practice & clinical pearls, webinar announcements, insurance tips, state & National news)

Exp. Date _____

- whether to believe the propaganda that the resolve to your financial security is belonging to an IPA
- **not** expanding public & Legislator awareness about Chiropractic effectiveness thru Public Relations
- a **business** whose mission and purpose centers around their own bottom line, dependent upon the number of claims filed by their clients (1/3 of the state's licensees) as a result of acquiring contracts (preferably exclusive) with managed care insurers; supposedly going to represent your profession at the Capitol rather than a bonafide political Chiropractic Association with two Lobbyists expressing the democratically derived needs and wants of all Okla. D.C.'s to the Legislators.
- OSCIPA's Lobbyist, (PT Lobbyist over 12 yrs), confusing legislators w/ their spin on Chiro. issues.
- Unfair biased Managed Care & Worker's Compensation discrimination system against Chiropractic.
